Live oaks are slow growing but very long-lived trees. The most famous local live oak tree is Angel Oak on John's Island. It is 400-500 years old! It takes 60 years for these trees to reach maturity. A memorial tree is a unique way to honor someone, as well as a gift to the community that will last for many years.

# 100 LIVE OAKS FOR LIVE OAK DRIVE

*a beautification project  
and memorial*

Sanders, Willis. *Mighty Angel Oak*. 2014. Mixed media.

*Sponsored by*

***The goal of Keep Berkeley Beautiful is to plant 100 live oaks on Live Oak Drive.***

***This new beautification project is for Highway 17-A from Moncks Corner to Summerville. Honor a loved one with a tree and a permanent plaque in the Berkeley County administrative building.***

*Individual citizens are invited to donate an oak tree in honor or in memory of someone special to them. Trees will be planted along the roadside on property where home or business owners have agreed to maintain the tree. Volunteers will plant them. These sturdy, young trees are 12-15 feet high and cost \$150 each. This donation is tax deductible.*

*Renowned local artist, Willis Sanders, has donated a painting of the Angel Oak (pictured on the front of this brochure) to hang above the plaque.*

*Please fill out the information below and return this portion of the brochure along with your check.*

***Address the check to “Berkeley County Economic Development Corporation” (EDC) with the memo “for Keep Berkeley Beautiful.”***

*I am donating a tree in*  
***☐ honor of ☐ memory of***
